SERVICE INSTRUCTION no. 2025/01 Fuel cylinder ball valve compatibility

With reference to: Kubicek Fuel cylinders KB72L, KB85L and KB97L

Kubicek Balloons fuel cylinders may be equipped with these types of ball valves for liquid output:

Older (55134.00) - Note the red coloured sleeve on the lever at part of its length.

Newer (55146.00) - Note the red colour of the lever at full length.

If a ball valve needs to be replaced, it is possible to replace the older type with a newer type, as the older ball valve is no longer available.

KUBÍČEK
